ADDITIONAL COURSES GUIDE International & Global Affairs & Development (A&D: 198) 2016-17 Undergraduate Bulletin

The following list should be used only as a *GUIDE* for selecting courses to fulfill Additional Course requirement for the International and Global Studies major with a concentration in International and Global Affairs and Development. Items highlighted in yellow represent *RECOMMENDED* courses (see also "Lists of Recommended Courses"). IGS-marked offerings taught in a given semester appear in the <u>Course Schedules</u> (consult the "Category" listing) published by the University Registrar's Office. Both this Guide and the Registrar's Course Schedules are subject to change as courses are added to or deleted from the curriculum. Final IGS credit decisions are subject to approval by the Director of IGS or a designated Program advisor.

MAJOR REQUIREMENTS NOTE: IGS majors pursuing this concentration must complete **18** sh of Additional Course work. At least **15** sh of this work must focus primarily on topics related to either "Society and Politics" (Subject Category 1: S&P) or "Economics and Development" (Subject Category 2: E&D), with **9** sh in one category and **6** sh in the other* and among which at least **9** sh must be at the upper-level (300 level and above); the remaining **3** sh (to complete the 18 sh requirement) must come from "Arts and Literature" (Subject Category 3: A&L) Or "Belief Systems and Culture" (Subject Category 4: BS&C) at the 200-level or above. Unless otherwise indicated (below), these courses must also focus primarily on the "modern" period: i.e., from the 19th century through the present.

*Selections must comply with the Additional Courses distribution requirement for the IGS major: i.e., up to 9 sh in a single subject category and no more than 6 sh in any other.
